4. Click “Structured Clinical Interview for DSM-5 Sleep Disorders - Revised (SCISD-R)”

The screenshot shows a web browser window with the URL eprovide.mapi-trust.org/instruments/structured-clinical-interview-for-dsm-5-sleep-disorders-revised. The page title is "Structured Clinical Interview for DSM-5 Sleep Disorders - Revised (SCISD-R)" and it is distributed by Mapi Research Trust. The authors listed are Taylor DJ, Wilkerson A, Dietch JR, Pruiksmas KE, and Wardle-Pinkston S. The left sidebar contains a menu with options: "Basic description", "Access this questionnaire", "Contact and conditions of use", "Review copy", and "Languages". A yellow mouse cursor is pointing at the "Basic description" option. The main content area displays the "BASIC DESCRIPTION" section, which includes the following information:

- Published in 2018
- Authors**: Taylor DJ; Wilkerson A; Dietch JR; Pruiksmas KE; Wardle-Pinkston S
- Copyright**: SCISD-R Copyright © 2019, University of North Texas, University of Texas Health Science Center at San Antonio, and MUSC Foundation for Research Development. All Rights Reserved
- Objective**: To assess the most common sleep disorders
- Population of development**
 - Disease(s)**:
 - Sleep Wake Disorders
 - For more information on this rare disease, please visit the Orphanet disease page.

Designing and managing clinical trials in rare diseases? Download the open access [patient-centric protocol risk assessment tool](#) to identify drivers to participation burden and mitigate risks of study failures.

Type of Clinical Outcome Assessment (COA): Composite

Last update: January 2023

- 5. Click “Review Copy”
- 6. Click “English for the USA”
- 7. Your download should begin shortly

The screenshot shows the same web browser window, but the URL is eprovide.mapi-trust.org/instruments/structured-clinical-interview-for-dsm-5-sleep-disorders-revised#review_copy. The page title and authors remain the same. The left sidebar menu is the same, but a yellow mouse cursor is now pointing at the "Review copy" option. The main content area displays the "REVIEW COPY" section, which includes the following information:

Examination copies can only be used for the limited purpose of examining the suitability of the Questionnaire for subsequent research and/or clinical use, and cannot be used in research or in clinical practice or distributed to others. You are not authorized to modify, retype, translate, copy or otherwise duplicate the Questionnaire except with the further and prior written permission of Mapi Research Trust / the developers / copyright holders / distributors.
